

Mechanicsburg SUPPLIER

Vol. 5, No. 2

Mechanicsburg, Pa.

Jan. 19, 2001

Study on!

Distance learning is just one of the many ways in which the Naval Supply Systems Command is dealing with the business of change. NAVSUP is bringing universities right to your desktop from your home or work computer.

NAVSUP has teamed with Penn State University and University of Maryland's University College Campus to deliver eight certificate tracks of undergraduate- and graduate-level courses to employees of NAVSUP. Approximately 45 fully accredited courses are being offered in this curriculum.

The number of courses and variety of schools has been increasing, and will continue to increase as the Civilian Workforce Planning Office (CWPO) explores new options.

The curriculum includes

COURSE	SCHOOL	LEVEL
Financial Management	UMUC	Undergraduate/Graduate
Procurement and Contracting	UMUC	Graduate
E-commerce	UMUC	Graduate
E-commerce for IT professionals	UMUC	Undergraduate
E-commerce Management	UMUC	Undergraduate
Supply Chain Management	PSU	Undergraduate/Graduate

It is worth noting that PSU's Supply Chain Management course was ranked number one in the country according to *The Journal of Business Statistics*. UMUC was also chosen as *Forbes Magazine's* favorite twice this year as the number one distance education provider in the country.

Because these courses are fully accredited, anyone who chooses to take these classes can use them as a foundation in working toward a degree. NAVSUP has fully committed to this curriculum.

Participants of the Corporate Management Development Program (CMDP) may take these distance learning courses at no personal charge. All other NAVSUP employees may use the pay-as-you-go option, incorporating the tuition reimbursement program available through each activity. Employees are encouraged to seek out these options, as the courses are relatively inexpensive.

The course cost for UMUC is \$1,125 per undergraduate course and \$1,425 per graduate course. Additional costs for fees and materials are between \$85-\$200 per course. Undergraduate courses at PSU are \$756 and graduate courses are \$837. Fees are \$80, and costs for materials range from \$35-\$150.

The number of people who have already taken advantage of this incredible opportunity is 73.

Kathy Williams, a NAVSUP employee, stresses that self-discipline is the key to making your personal distance learning program succeed. "I had to be prepared to make a schedule for my studies and then stick to it. This isn't always easy to do, but studying on my own time fits into my schedule wonderfully."

If you'd like more information about this and other distance learning programs, call Dave Lewis, Ext. 1861, or Janet Rich, Ext. 1708.

Rumsfeld details

DoD goals, objectives

By Jim Garamone, American Forces Press Service

WASHINGTON, Jan. 12 — "Weakness is provocative," Donald H. Rumsfeld told the Senate Armed Service Committee Jan. 11 during his confirmation hearing to be the next defense secretary.

"Weakness invites people into doing things they wouldn't otherwise think of," Rumsfeld said.

This goes to the heart of Rumsfeld's view of defense. President-elect George W. Bush nominated Rumsfeld as defense secretary Dec. 28. If the Senate confirms him, he will succeed Defense Secretary William S. Cohen.

This is Rumsfeld's second set of confirmation hearings. He was defense secretary from 1975 to 1977.

He told the senators that the world is a different and more peaceful one with the Soviet Union gone, "but it is nonetheless a dangerous and untidy world."

"We also know that the power of weapons today is vastly greater than it was in earlier eras, and we know that with the relaxation of tension at the end of the Cold War the proliferation of these capabilities is pervasive," he said.

Rumsfeld said the world is entering the "era of globalization." He said while it is a hopeful time it is also full of challenges. One main challenge he needs to address, he said, is "the challenge of bringing the American military successfully into the 21st century so that it can continue to play its truly vital role in preserving and extending peace as far into the future as is possible."

He called the struggle today not as obvious as the one against the Soviet Union, but "just as noble." He said the U.S. goal is "to turn these years of influence into decades of peace."

Naval Supply Systems Command

Promotion ceremony...

On promotion to her new rank, LT Angela Stanmore reaffirms the oath during a Dec. 8 ceremony conducted by RADM Keith W. Lippert, the Commander of the Naval Supply Systems Command. Participating in the ceremony for her is family member Betty Castillo. In photo at right, newly promoted LT Paul Morris is assisted with his new shoulder boards by Shana Morris and the admiral.

SMART ERP Project holds Cross-Team Walk-Throughs

By Jody Kann

The Supply Maintenance Aviation Reengineering Team (SMART) Enterprise Resource Planning (ERP) Project held Cross-Team Walk-Throughs Dec. 11-14 in Mechanicsburg.

The purpose of the Walk-Throughs was to give a projectwide overview and status of the various teams, (i.e., Supply, Maintenance, Finance and Technical) for the benefit of all Individual Process Teams (IPTs) and process owners.

Joe Dougherty, Program Manager of the SMART ERP Project, and John Marks, EDS Deputy Program Manager, provided opening remarks. Dougherty highlighted the overall status of the project and explained the Review and Approval Process (RAP) for functional area sub-processes and activity definitions. In addition, he spoke about the recently issued Project Readiness Survey as a method for the Program Management Office (PMO) to collect information on the project and for team members to provide feedback. These surveys will be conducted periodically throughout the life of the project and will identify issues, assist leadership in prioritizing efforts, and assess project communication methods.

Marks reported that the project is in the 13th week of the Blueprinting Phase. He stated that the project schedule will be extended eight weeks due to staffing problems, which have since been resolved.

Sandy Leggieri, addressed the Supply, Maintenance, Finance and Technical

Team members and fleet participants, emphasizing the large membership and high quality of people developing our Enterprise Process and Technical solution for Naval Logistics. Her remarks about top-level support and commitment were enthusiastically received.

Jerry Hoberman, EDS Deputy Program Manager for Process and Configuration, outlined the SMART Risk Strategy currently in place. This strategy will deal with the risks associated with changing technology and processes and address the concerns with the project pilot.

The IPT Leads presented overviews of their teams including current status, work process definitions, communication and training efforts and any outstanding issues. The teams also had the opportunity to participate in "breakout" sessions. These sessions provided a forum for teams to discuss issues and process changes in-depth and to develop end user role definitions in a workshop atmosphere.

A survey taken at the completion of the Walk-Through indicated that participants considered the week a success and underlined their passion for the project.

Joe Dougherty addresses SMART ERP Project issues. See story.

What's SUP

Welcome to Matt Cooley, who is replacing Tammy Byers as the assistant to the command's executive director, and farewell to Byers as she returns to the Naval Inventory Control Point.

Welcome to Tom Heasley as he reports to the Card Management Organization with the DoN eBusiness Office.

Terry Anstine, 54, a contractor in the Info Center, died this week. Services will be held today in Hanover.

If you have news for this column, please send an e-mail to Barbara Pearce, SUP 09PA.

Tentative decision reached in FISC Pearl Harbor General, Admin Support Study

The Naval Supply Systems Command announced Jan. 9 that the Navy will retain in house the General and Administrative Support functions at FISC Pearl Harbor, Hawaii.

This decision is the result of a competitive study conducted in accordance with streamlined cost comparison procedures of Office of Management and Budget Circular A-76.

The FISC Pearl Harbor study included a review of civilian positions that perform General and Administrative Support functions in all departments throughout the command. The study included 24 civilians. The government's proposal calls for a work force of 15 civilian employees.

The decision to retain the operation in house was made after the streamlined cost comparison indicated it was more cost effective to continue to perform the functions with government personnel.

SUP claimancy to be surveyed

Round three of the Corporate Climate Survey of the Naval Supply Systems Command claimancy is underway.

The survey instrument was reviewed and refined by the Command Assessment Team, with input from other teams, reports Crystal Kerns, the command Deputy EEO. The team also reviewed feedback from the field activities on the previous rounds of the survey.

The survey will be given in NAVSUP headquarters, the

Fleet Material Support Office, the Naval Ammunition Logistics Center, Fleet and Industrial Supply Center Yokosuka, and other NAVSUP offices between January and March.

The survey is scheduled to be given at FISC Norfolk, FISC Jacksonville, the Navy Petroleum Office, the Fitting Out and Supply Support Assistance Center, and the Naval Transportation Support Center during April and May.

The Naval Inventory Con-

trol Point, FISC San Diego, FISC Puget, and FISC Pearl will be surveyed in the May to June '01 time frame.

Between July and August, analyses and reports will be presented to NAVSUP activities.

Then in September, analysis of claimancywide results will be presented to the Commander of NAVSUP.

For information concerning the survey, contact Kerns at Ext. 5335.

Sixth NAVSUP Academy rated very beneficial

Aaron Morrison, Assistant Deputy Commander for Support Services, welcomed students to the sixth NAVSUP Academy at the Officers' Club Nov. 13-17. He represented RADM Keith Lippert in addressing this academy. Morrison set the stage by explaining NAVSUP's mission and how technology is reshaping the way the command accomplishes its mission.

The purpose of the NAVSUP Academy is to provide attendees with a firm understanding of NAVSUP's mission, and of the responsibilities and interrelationships of the diverse organizational elements. The agenda for the academy addressed topics in the following areas: an overview of NAVSUP, the new inventory model, the new contracting model, the afloat supply department of the future, the total cost model, and enablers to make it all happen.

The students also heard high-level presentations from some of the NAVSUP claimancy and a view from some of the higher echelon agencies.

The question and answer format of the Deputy Commander Forum was the culmi-

nating activity of the academy. Larry Glasco, the Executive Director of NAVSUP, gave the closing remarks and presented certificates to the graduates. In his remarks, Glasco emphasized the importance of knowing the Strategic Plan and Strategic Business Plan and sharing this information with others back at the worksite so all are able to speak with a single voice when going about our day-to-day lives.

While the majority of the students were from NAVSUP Headquarters, representatives from the Navy Fleet Material Support Office, Navy Petroleum Office, Fleet and Industrial Supply Centers at Puget Sound, San Diego, and Yokosuka, Naval Audit Service, Naval Transportation Supply Center, Naval Inventory Control Point, Naval Sea Logistics Center, Naval Surface Weapons Center at Port Hueneme, and Naval Ammunition Logistics Center also attended.

The graduates included LCDR (Sel) James T. Albritton, LCDR Karen M. Al-Koshnaw, Cheryl O. Arndt, CW04 Daniel Batenhorst, Joseph F. Bobby, CDR Michael R. Bonnette, Angela J. Book, SK1 Cheryl A.

Brewer, Susan Y. Bricker, SK1 Kenneth M. Brown, CDR Tracy L. Brown, CDR (Sel) Duane A. Childress, David W. Clemens, Lula M. Crittenden, LCDR Robert W. Foster, Atsushi Fujita, LCDR Leonard T. Gaines, Angel L. Gonzalez, LTJG Lagenia K. Gray, Joseph A. Guba, CAPT Brian W. Haviland, Andrew S. Holmes, Ronald W. Hoover, Sandra K. Jackson, LCDR Minh T. Johnson, Beth D. Kees, Judi L. Mannix, Wanda L. Miedzwicki, LTJG Paul W. Morris, SK2(SW) Carolyn D. Padilla, LT Keith W. Rhodes, Hazel O. Robinson-Bell, Kimberly A. Schlegel, LCDR James W. Smart, LT Angela S. Stanmore, AK1 James J. Steadman, David L. Strawser, Kenji Tokunaga, Lien S. Tong, Lynda M. Turner, Gregg L. Wendte, PCC Donald C. Williams, Barbara S. Willier, Stephen M. Witmer, and Joseph R. Zakocs.

The sixth NAVSUP Academy was rated highly beneficial. Students reported they got a good overall perspective of where NAVSUP is headed in the future and recommend the training to others both at headquarters and throughout the NAVSUP claimancy.

Naval Inventory Control Point

PBL signing of MK 41 VLS...

Seated for the recent signing of a performance based logistics contract for MK 41 VLS are Tim Carroll, Manager, Contract Administration, Lockheed Martin, and Kathy Acox, a NAVICP Contracts Specialist. Looking on are Jim Tucker, Director, VLS Production Programs, LM; Tom Considine, Manager, USN Production Programs, LM; Larry McMurry, PEO-TSC rep; Doug Stine, NAVICP VLS Program Manager; Dale Bennett, VP & General Manager, LM NE&SS; RADM Michael Finley, the Commander of NAVICP; and Ben Egerton, Manager, LM Life Cycle Support Facility. See story.

MK 41 Vertical Launching System PBL Contract signed

By Doug Stine

On Nov. 22, the Naval Inventory Control Point signed a five-year performance based logistics (PBL) contract with Lockheed Martin NESS - Marine Systems, Baltimore, Md.

Valued at over \$15 million this agreement is a fixed price award fee contract with one base year and four one-year options. The estimated savings to the Navy is \$5.2 million. This contract is in support of all major components of the MK 41 Vertical Launching System, which is installed in five different configurations on board DDG-51 class destroyers, CG-47 class cruisers and DD-963 class destroyers.

Under this new PBL arrangement, Lockheed Martin will assume the full range of requirements forecasting, repairs and new builds, inventory management, warehousing, and transportation functions and assume limited configuration authority for approximately 344 Navy-managed items. Lockheed Martin's performance in meeting contract requirements

will be evaluated monthly against a series of supply availability, overall response time, and CASREP response time metrics. Positive and negative financial incentives are tied to their ability to perform and will be applied semi-annually. This contract culminates 10 months of intense discussions and negotiations between NAVICP and Lockheed Martin.

Working as part of an Integrated Process Team, comprised of NAVICP, NAVSEA, NSWC Port Hueneme Division, DLA Headquarters, and Lockheed Martin, many new and unfamiliar issues needed to be addressed in order to bring this contract to award. The prediction of future demands, introduction of a new VLS Configuration Baselines, and the automation of monthly payments through DFAS. All these hurdles required innovative and assertive action for resolution. The completion of this PBL contract was a direct result of the perseverance and dedication of the MK41 VLS Integrated Process Team.

King's legacy honored

"The Dream - Remember! Celebrate! Act!" That was the theme on Jan. 11 for the Dr. Martin Luther King, Jr. Breakfast and EEO Awards Ceremony held at the Mechanicsburg Officers' Club. A full room of people took time out on this morning to pay tribute to the slain civil rights leader.

Darlene Smith-Miller of Human Resources welcomed everyone. She noted that over 100 countries now celebrate Dr. King's birthday.

RADM Keith Lippert, the Commander of the Naval Supply Systems Command, gave the opening remarks, calling Dr. King "a true American hero." He mentioned how Dr. King believed in the ideals of freedom and justice for all and how "he sacrificed his life for the cause of freedom."

Jerry Thomas of the Naval Inventory Control Point gave the invocation. In his time at the microphone he called Dr. King a "drum major for justice and peace."

After breakfast was served, there was a musical selection. Providing the entertainment were Rufus and Ryan Geesaman.

The speaker was Gerald R. Reed, National President of Blacks in Government (BIG) and a successful author. His message was that the holiday to honor Dr. King should be "a day on not a day off." Reed shared some of his poetry fitting the ceremony's theme. He provided examples of how Dr. King's legacy continues today. He pointed out that blacks still face challenges in the workplace and in the world. Reed went on to say that you must take control of your career and reviewed steps to assist in this effort. His bottom line was that we all must take advantage of the talent pool available and move forward in the 21st century together.

Reed

Following his speech was the presentation of awards. See photos Page 5.

Story continued on Page 6

MLK Commemoration

Honorees at the recent Dr. Martin Luther King Commemoration included William Houghton, left, of DECC, for Employees with Disabilities, and Vicki Everett, center, for Managers / Supervisors-Civilian and Military (All Levels). With the winners are RADM Keith Lippert, Commander, NAVSUP, and CAPT William B. Short, right, Commanding Officer of DECC. In far right photo, Larry Kostelac, left, received the Managers / Supervisors-Civilian and Military (All Levels) award for NAVSEA. Robin Wilt, second from right, received the EEO Collateral Duty Personnel award for NAVSEA. They are pictured with RADM Lippert and CDR Jack Gustafson, right, Executive Officer of NAVSEA. Carol Hummel, second row photo, left, and Deb Nattress, both of FMSO, received the Personal Incentive (Non-Supervisory) awards. With them are RADM Lippert

and CAPT Hart Odom, FMSO Executive Officer. From the NAVICP Thurston Henry, far right photo, left, received the EEO Collateral Duty Personnel Award, and Vern Graham, received the Managers/Supervisors-Civilian and Military (All Levels). Wayne Hawk, right, NAVICP Comptroller (Code 01) accepted the Group/Directorate/Office award for NAVICP. Also pictured are RADM Lippert and Joe Marhefka, second

from right, Assistant Deputy Commander for Ships and Submarines. RADM Lippert presented Group/Directorate/Office awards to, from left, photo below, Greg Taylor for the ALMECH Chapter of Blacks in Government; Steve Chizar for the ALMECH Wheelchair Basketball Tournament, Chris Salvatore for the NAVICP Civilian Personnel wheelchair basketball team, Harriet Molnar for ALMECH Chapter of Federally

Employed Women, CAPT Odom for the "Military Rollers" wheelchair basketball team, Harry Kelso for the FMSO Civilian Personnel wheelchair basketball team, CDR Peter Dahl for the NAVSUP "Wheelers" wheelchair basketball team, and Tracy Matthews for the Mechanicsburg Complex Choir. Senior Chief Mess Management Specialist Robert Winn, below, right, accepted the Group/Directorate/Office award for NAVSUP Code 05, Support Services Directorate, from RADM Lippert.

USS *Cole* (DDG 67) refloated

Washington, D.C. — After receiving a patch to cover the hole caused by a terrorist attack in Aden, Yemen, Oct. 12, USS *Cole* (DDG 67) was placed back into the water Christmas Eve at Litton Ingalls Shipbuilding in Pascagoula, Miss. Now at Pier 4 of the shipyard, *Cole* will soon undergo extensive repairs.

Cole was returned to the United States aboard the Norwegian heavy transport ship *M/V Blue Marlin* owned by Off-shore Heavy Transport of Oslo, Norway. The ship was off-loaded from *Blue Marlin* in a pre-dredged deep-water facility at the Ingalls shipyard. This month the ship will be placed in a floating dry-dock and then transferred to a land level facility. The Navy estimates that the repairs will take approximately one year and cost an estimated \$240 million.

Planning for the repairs was begun with engineering assessments to determine the extent of repair required. Personnel riding *M/V Blue Marlin*

during the six-week transit from the Arabian Gulf assisted in that assessment. Ingalls and the Naval Sea System Command are completing the assessment and are developing a detailed work plan for the repairs.

The decision to have Litton Ingalls Shipbuilding repair *Cole* followed a thorough review of the capabilities, costs and schedules associated with public and private shipyards and included an assessment of how the selection would impact *Cole* sailors and their families. Ingalls Shipbuilding was determined to be the shipyard best suited to make the repairs. The selection of Ingalls allows most of the work to be done by civilian workers experienced in building this type of ship.

Ingalls was the builder of *Cole*. Most of the ship's crew will be able to remain in Norfolk, Va., living and working as a team based in existing pre-commissioning facilities.

Under this arrangement, the majority of the crew will be able

to use shore-based trainers and schools to sustain seagoing skills and qualifications while a small group of *Cole* sailors will serve aboard the ship on a rotational basis.

Cole is an *Arleigh Burke*-class, or *Aegis*, guided missile destroyer and is based in Norfolk. The ship was part of the USS *George Washington* Battle Group and was in transit from the Red Sea to a port visit in Bahrain when the ship stopped in Aden for routine refueling. The destroyer departed Norfolk for its deployment Aug. 8 and was scheduled to return home Dec. 21.

Cole was towed out of Aden harbor Oct. 29 to deeper water by the Military Sealift Command's fleet ocean tug USNS *Cataba* (T-ATF 168). The process of loading *Cole* onto the transport ship required a water depth of at least 75 feet since it involved partially submerging *Blue Marlin* and maneuvering *Cole* into position over *Blue Marlin*'s deck.

Pascagoula, Miss., Dec. 24...

Two tug boats push USS *Cole* (DDG 67) to Pier 4 of the Ingalls Shipyard in Pascagoula, Miss., Dec. 24. The *Arleigh Burke*-class destroyer was the target of a terrorist attack in Aden, Yemen, Oct. 12, during a scheduled refueling. The attack killed 17 crew members and injured 39 others. *Cole* was transported from Aden to Pascagoula by the Norwegian heavy transport ship *M/V Blue Marlin*. A 60-foot by 60-foot patch was welded to the hull of the destroyer before it was off-loaded from *Blue Marlin*. U.S. Navy photo by Chief Photographer's Mate Johnny R. Wilson.

Dr. King Commemoration

Continued from Page 4

Receiving awards under the category of Managers/Supervisors-Civilian and Military (All Levels) were Vicki Everett, DECC, WE2324, Branch Head; William Recker, FMSO, 9921, Branch Head; Rick Townsend, NALC, 10, Comptroller; Vern Graham, NAVICP, 874, Director; and Larry Kostelac, NAVSEA, N01P.

Under the category of Personal Incentive (Non-Supervisory) the recipients were Carol Hummel, FMSO, 9912, and Debra Nattress, FMSO, 9422.

Awardees under the category of Group/Directorate/Office were:

NAVSUP Code 05, Support Services Directorate;

NAVICP Code 01, Comptroller Directorate;

ALMECH Chapter of Blacks in Government;

Mechanicsburg Complex Choir; ALMECH Chapter of Federally Employed Women;

and the ALMECH Wheelchair Basketball Tournament Teams consisting of the following teams: Military "Rollers," NAVSUP "Wheelers," FMSO Civilian Personnel, and NAVICP Civilian Personnel.

Receiving awards under the EEO Collateral Duty Personnel were Robin Wilt, NAVSEA, N01C; Thurston Henry, NAVICP, 05834; and Kimberly Labenberg, FMSO, 93212.

Under the category of Employees With Disabilities the recipients were Thomas Rosenberger, FMSO, 9411; Dan Winterbottom, FMSO, 9434; and William Houghton, DECC, WE22.

HELP WANTED

F.E.W. ADULT SPECIAL OLYMPICS

**Immediately seeking volunteers...
Looking for individuals to fill several positions
on its Management Team...**

If interested, contact Darlene Smith-Miller, Event Coordinator, X3611, or Woody Baker, Assistant Event Coordinator, X1623.

CPR classes scheduled

Free adult patient CPR classes will be held Feb. 13 and 15 on the installation.

The classes will be held from 2 to 4:30 p.m. in the security class room, building 205,

southwest corner.

For additional details or to register for the classes, call Clarence Souders at Ext. 6132 or send him an e-mail.

ITT offers dining/dancing

The Information, Tickets and Tours Office is sponsoring a Valentine Dinner/Dance at the installation's Commissioned Officers' Mess Saturday, Feb. 17.

The event starts at 6 p.m. with dinner. Cost is \$25 per person and includes choice of dinner entrée (carved roast prime rib of beef or broiled crab cakes plus accompaniments) followed by dancing from 7 till 10 p.m. to music of Nightwind.

Semi/formal dress attire is requested; no jeans please. Tickets must be purchased by Feb. 5. Limited seating available.

"Showboat"

See the musical "Showboat" at Three Little Bakers on Feb. 24.

This ITT outing costs \$46.75 per person and includes a buffet dinner and the 8 p.m. performance. Sign-up deadline is Jan. 24 or at sell-out.

"Chicago"

Time to sightsee and to take in the Tony-award winning musical "Chicago" is included in an outing to New York City set for March 31. Cost is \$97 per person with a \$65/person deposit required no later than Jan. 26 or sell-out.

Disney World

The ITT Office has been informed that Walt Disney World gate prices have gone up. By buying ITT discounted tickets now, you'll receive additional savings.

Office hours

The ITT Office in building 310 is open workdays. Hours are 10 a.m. to 1 p.m. Tuesdays, Wednesdays and Thursdays. Its hours on Mondays and Fridays are 11:30 a.m. to 1 p.m.

Or you may call Ext. 2266 to reach the ITT hot line.

Or check the office's bulletin boards on e-mail.

At a glance...

- Jan. 29 Deadline for Feb. 2 Supplier, noon. POC: Barb Pearce, X3565.

FMSO folk talk

Sympathy is extended to Gary Heffern of the Financial and International Logistics Systems Department, Code 97, on the recent death of his father.

If you have news for this column, call Joe Niemiec at Ext. 7734.

Hello, neighbors! Come visit the Child Development Center during its Peek Week!

The Child Development Center, operated by Mulberry Child Care & Preschool in building 19, is hosting "Peek Week" from Monday, Jan. 29 to Friday, Feb. 2.

Come get a peek at our fun place to grow — child-sized, colorful, engaging environments for infants through preschool, a spokesperson for the center states.

"You'll meet our teachers, and we'll certainly enjoy the chance to meet you and your family. After all, we want to get to know our neighbors!" said Gina Petrone, who directs the center.

The center is now accepting enrollments, and spaces are available in all classrooms for ages 6 weeks to 6 years.

Call Center Director Petrone to schedule an appointment at Ext. 5683.

Priority enrollment is considered in the following manner: (1) Active duty single parents with custody and active duty dual military couples,

(2) All other active duty military with a full-time working spouse,

(3) All other active duty military,

(4) DoD civilian employees,

and (5) DoD contractors.
